

Effective Retrospective Chart Review For Triage!

- ✓ Immediate continuous feedback
- ✓ Incorporate both ESI and CTAS
- ✓ Critical thinking tips triggered
- ✓ Use as self-audit or peer review

BENEFITS

Manager

- Tracks individual nurse performance
- Aggregates department-wide metrics
- Benchmarks with other facilities
- Generates automatic reports
- Improves patient outcomes
- Consistency in triage decisions

Triage Nurse

- Critical thinking tips triggered by entry of data (history, signs, symptoms)
- High-risk scenarios identified
- For both novice and experienced triage nurses
- Assists in competency validation
- Improves documentation
- Builds confidence in decision making

Introducing the
TSG Triage Tool:
Designed to become
the cornerstone
of your department's
triage competency
program by facilitating
regular retrospective
chart reviews
